

Community Development Block Grant Supplemental Conditions

For Architectural, Engineering and Grant Administration Contracts

Note: This document should be used as a supplement to a firm's existing contract format, i.e., in conjunction with a firm's existing contract format.

These supplemental conditions must be attached to the firm's existing contract format and specifically incorporated by reference therein. The firm's contract must also contain the following language: "In the event of a conflict between any term and provision of this contract, or any attachments hereto, and the Community Development Block Grant supplemental conditions, the terms and provisions of the CDBG supplemental conditions shall prevail."

1. Liaisons:

For the (city, town or county):

(Name, title, mailing address, business location and phone number)

For the grantee:

(Name, title, mailing address, business location and phone number)

2. Independent contractor: It is understood by the parties hereto that the contractor is an independent contractor and as such neither it nor its employees, if any, are employees of the (city, town or county) for purposes of tax, retirement system or Social Security FICA withholding.
3. Effective date and time of performance: This contract shall take effect upon execution by the parties and will terminate upon completion of the scope of services hereunder as determined by the (city, town or county), unless terminated earlier in

accordance with the terms of this contract. The activities to be performed by the contractor will be completed according to the schedule attached hereto as Attachment ____ and specifically incorporated herein by this reference.

4. Scope of services: The contractor will perform the following services:

(Here, or in an exhibit to the contract, explicitly and completely list the services and products the grant recipient expects of the contractor, including the timetable for completion of key tasks. Consult with your CDBG project specialist as to the specific services that may be appropriate for each grant category.)

It is understood and agreed by the parties that the services of the contractor do not include any of the following: the disbursement or accounting of funds distributed by the (city, town or county's) financial officer, legal advice, fiscal audits or assistance with activities not related to the CDBG project.

5. Compensation: Neither the cost of architectural, engineering or grant administrative services plus a percentage of that cost method, nor the percentage of construction cost method, will serve as the basis for compensating the architect, engineer or grant administrator for its services provided under this contract.

For the satisfactory completion of the services to be provided under this contract, the (city, town or county) will pay the contractor a sum not to exceed \$_____ in the manner set forth in the attached Attachment ____, attached hereto and specifically incorporated herein by this reference. Each specific service the contractor will provide under this contract, and the maximum amount that the (city, town or county) will pay the contractor for each of these services, is set forth in the attached Attachment ____.

The amount to be paid will be calculated according to the hourly billing rates for the various personnel as described in Attachment _____. The contractor may submit monthly requests for payment, based on actual work performed, which must be

accompanied by an itemized invoice describing the services furnished, the number of hours worked to accomplish each item, the amount being billed for each item, a description of any other eligible expenses incurred during the billing period and the total amount being billed.

6. Assignment, transfer and subcontracting: The contractor may not assign, transfer or subcontract its rights, including the right to compensation, or duties arising hereunder without the prior written consent of the (city, town or county). Any subcontractor or assignee will be bound by the terms and conditions of this contract.
7. Contract amendment: Except as otherwise set forth herein, this contract may not be enlarged, modified or altered except upon written agreement by all parties to the contract.
8. Pre-construction conference: Before the start of construction, a conference will be held for the purpose of familiarizing the successful bidder with the federal and state requirements that apply to projects funded in whole or in part by CDBG. The conference will also include a discussion of project supervision, coordination with city or county officials, onsite inspections, progress schedules and reports, payrolls, payments to contractors, contract change orders, insurance, safety and other issues pertinent to the project. The contractor may be responsible for conducting this conference.
9. Conditional agreement: It is expressly understood by the parties hereto that this contract is dependent and conditioned upon the receipt by the (city, town or county) of CDBG funds from the Montana Department of Commerce and that, in the event that said funds are not provided, the (city, town or county) incurs no responsibilities or liabilities under this contract.
10. Termination of contract: This contract may only be terminated in whole or in part as follows:
 - a. Termination due to loss of funding: The (city, town or county) may, at its sole discretion, terminate or reduce the scope of this contract if available CDBG

funding is eliminated or reduced for any reason. If a termination or modification is required, the (city, town or county) will, to the extent permitted by available CDBG funds, compensate the contractor for eligible work elements the contractor has completed and for approved, eligible, reasonable and necessary expenses incurred by the contractor as of the revised termination date. The (city, town or county) will give the contractor written notice of the effective date of the modification or termination of this contract and, if a reduction in funding is required, will provide the contractor with a modified project budget.

b. Termination for cause:

- i. If the (city, town or county) determines that the contractor has failed to comply with the terms and conditions of the contract, the (city, town or county) may terminate this contract in whole or in part at any time. The contractor will thereafter be entitled to receive payment for those services reasonably performed to the date of termination less the amount of reasonable damages suffered by the (city, town or county) by reason of the contractor's failure to comply with this contract.

Any costs or expenses incurred by the contractor from obligations arising during a suspension or after termination of this contract are not allowable unless the (city, town or county) expressly authorizes them in the notice of suspension or termination or subsequently in writing thereafter. Other necessary and not reasonably avoidable contractor costs incurred during suspension or after termination are allowable if:

- 1) They result from obligations properly incurred by the contractor before the effective date of suspension or termination, are not in anticipation of it and in the case of a termination, non-cancellable; and

- 2) The costs would be allowable if the contract were not suspended or expired normally at the end of the funding period in which the termination takes effect.
 - ii. Notwithstanding the above, the contractor is not relieved of liability to the (city, town or county) for damages sustained by the (city, town or county) by virtue of any breach of this contract by the contractor, and the (city, town or county) may withhold any payments to the contractor for the purpose of setoff until such time as the exact amount of damages due the (city, town or county) from the contractor is determined.
11. Avoidance of conflict of interest: The contractor covenants that it presently has no interest and will not acquire any interest, direct or indirect, in the CDBG project that would conflict in any manner or degree with the performance of its services hereunder. The contractor further covenants that, in the performing this contract, it will employ no person who has any such interest. The contractor will comply with the provisions of the applicable HUD regulations of 24 CFR parts 84, 85 and 570.611, and with sections 2-2-121, 2-2-201, 7-3-4256, 7-3-4367, 7-5-2106 and 7-5-4109, MCA (as applicable), regarding the avoidance of conflict of interest.
12. Documents incorporated by reference: The (city, town or county) application to Commerce for CDBG funding, dated _____, 20__, including any written modifications resulting from the review of the application by Commerce, and all applicable federal, state and local laws, rules and regulations, are incorporated into this contract by this reference and are binding upon the contractor.
13. Ownership and publication of materials: All reports, information, data and other materials prepared by the contractor pursuant to this contract are the property of the (city, town or county) and Commerce, which both have royalty-free, nonexclusive and irrevocable right to reproduce, publish or otherwise use, and to authorize others to use, in whole or part, such property and any information relating thereto. Any reuse without written verification or adaptation by the contractor for the specific purpose intended will be at the owner's sole risk and without liability or legal

exposure to the contractor. No material produced in whole or part under this contract may be copyrighted or patented in the United States or in any other country without the prior written approval of the (city, town or county) and Commerce.

To the extent the CDBG funds dispersed under this contract will be used by any small business firm or nonprofit organization, as defined in 37 CFR 401.2, such firm(s) or organization(s) are subject to the standard patent rights clause set forth in its entirety in 37 CFR 401.14 and specifically incorporated herein by this reference.

14. Access to and retention of records: The contractor agrees to provide the (city, town or county), Commerce, HUD, comptroller general of the United States, Montana legislative auditor or their authorized agents access to any records necessary to determine contract compliance. The contractor agrees to create and retain records supporting the services rendered or supplies delivered for a period of four years after either the completion date of the contract or the conclusion of any claim, litigation or exception relating to the contract taken by the State of Montana or third party, whichever is later. These records will be kept in the contractor's offices.
