Total	\$	9,111,292		\$43,829,549	

Total number of applications for TSEP funding: 40

Total number of projects approved and awarded TSEP grants: 22

Total amount of TSEP grant funds awarded HB11: \$9,111,292
Total cost of projects assisted by TSEP grant funds: \$43,829,549

*NOTE: 13 other projects were approved for TSEP grant funding in the event sufficient grant funds become available, but none others were ultimately funded.

In addition to the projects shown above that were awarded TSEP grant funds, the following projects were approved for TSEP construction loans to be administered through the Department of Natural Resources and Conservation:

City of Choteau (wastewater)	\$110,000
City of Livingston (water)	\$300,000
Coram Water and Sewer District (water)	\$170,000
Fort Peck Rural County Water District (water)	\$1,325,000

However, none of the TSEP construction loans were accepted. Loans from other sources were utilized instead.

Projects Approved through the 1999 Legislative Process for the 2001 Biennium

RINKING WATER PROJECTS				
	TS	EP AMOUNT	тот	AL PROJECT

Total number of applications for TSEP funding: 59

Total number of projects approved and awarded TSEP grants: 35

Total amount of TSEP grant funds awarded: \$17,145,965

Total cost of projects assisted by TSEP grant funds: \$84,382,583

Total Funds made available by HB351: \$13,753,578

Sand Coulee Water District declined grant. \$200,966
Park County Declined grant \$555,626
Lincoln County returned the award \$287,827

HB351 includes 36 projects, original bill had funding for 30 projects, 6 remaining would be funded if funding became available

Governor line item vetoed the following projects in May 2011: Park County, Town of Sheridan, Madison County, Sweet Grass County, Carbon County, Fergus County, Lincoln County, City of Roundup

The following projects received Notice of Award after line-item veto: City of East Helena, Bigfork W & S District, Custer County, Crow Tribe, Hill County,

City of Polson did not receive Notice of Award because of lack of funds

Lawsuit filed by Town of Sheridan, Madison County, Sweet Grass County, Carbon County, Fergus County, City of Roundup: Judge ruled on Feb 6, 2012, governor did not have authority for veto.

Projects with an asterisk * are contingently funded

Governor's budget included 51 recommendations for awards in HB5. HB5 was a consolidated bill which included multiple programs from multiple agencies, rather than each program having it's 'own' bill as had been done historically. Legislative process split HB5 up which resulted in having, at end of the session individual bills for each program.

HB11 includes 36 projects, which has funding for 33 projects, 3 remaining (*) will be funded if funding becomes available

Town of Sunburst withdrew a wastewater application during the Legislative session Greater Woods Bay Sewer District returned the award, \$750,000 which allowed contingently funded projects Conrad, and Flaxville to access the funds, \$500,000 & \$250,000 respectively

Projects Approved through the 2017 Legislative Process for the 2019 Biennium

Total Funds made available by HB11: \$ 19,672,151.00

Projects with an asterisk * are contingently funded

Governor's budget included 29 projects for funding and 3 projects for contingent funding in HB 14. Initially, HB14 was a consolidated bill including multiple agency programs and new programs. The Legislative process split HB into several different bills proposing a variety of blends of funding and programs including opportunities to pass a bonding bill to fund projects. SB 367 and HB 645 were the main two bills considered with different options. By the end of the session, HB14 had been split into more traditional bills (HB11) and others to promote 'standard' program funding and SB367 and HB 645 adding bonding projects. HB645 and SB 367 did not make it out of the committees or House and Senate Floor sessions.

HB11 includes 38 projects, which has funding for 35 projects, 3 remaining (*) will be funded if funding becomes available

Town of Flaxville withdrew a wastewater application during the Legislative session

A Special Legislative session was held in November 2017. Budget Reductions in the special session impacted some projects authorized in HB11. Projects 17-26 infrastructure and 7-9 bridges had funding placed on hold. Projects numbered 16 infrastructure and 6 bridges had the award amount partially reduced. Bridge project 6 had funding fully restored with the recapture of funds from a completed project, infrastructure project 16 was partially restored as of October 2018. If additional funding becomes available, projects will be funded in order.

Total number of applications for TSEP funding: 65

Total number of projects approved and awarded TSEP grants: 18/TSEP - 51/HB652

Total amount of TSEP grant funds awarded: HB 11 and HB 652 \$ 27,248,245.00

Total cost of projects assisted by TSEP grant funds: \$ 139,028,242.00

Total Funds made available by HB11: \$ 9,992,913.00

Total funds made available by HB652 \$17,255,332

HB11 – 3 groups of projects in HB11. State special revenue. (Cash).

First group of projects (1-14) was those that had been on hold from the 2017 Special Session.

New applications received by TSEP were included initially in HB11 w/ww 1-40 and bridges 1-11.

During session, Bonding opportunities arose and TSEP projects were split into HB11 (w/ww1-14, bridge 1-4) and HB652(w/ww 15-40, bridge 5-11).

End of session had two funding bills, HB11 in state cash and HB652 bonding as funding.

HB652 was a multiple agency bill with many programs funded in the overall bill.

Included \$900k for planning and \$100k for emergency projects.

100% applications received were funded.

Projects Approved through the 2021 Legislative Process for the 2023 Biennium

Seeley Lake Sewer District withdrew the application and funds request during the Legislative Session.

HB11 initially proposed to fund 17 water and wastewater projects, 7 bridges, and 3 contingent projects with standard TSEP funding from the Coal Severance Tax Fund. HB14 initially proposed to fund the balance of the TSEP ranked list, projects 18-41 with bond

During the session, stimulus funds in the form of the American Rescue Plan Act (ARPA) were authorized by the U.S. Treasury to fund infrastructure projects. The first tranch of funds replaced standard

TSEP cash for eligibile projects based on SRF criteria. Ineligible projects default back to TSEP cash.

All bridges were deemed ineligible for ARPA. All other projects on this cycles ranked list 1-41,

were deemed eligible for ARPA funding.

HB632 ARPA infrastructure funding had 3 additional tranches of funding. 1) A direct allocation to cities, towns, and Counties, based on gas tax revenues 2)a minimum allocation grant program for necessary investments in water and sewer 3) a competitive grant program. DNRC managed competitive awards, local gov'ts were generally responsible for the other two allocations with guidance from DNRC

With the passage of SB 258 the TSEP program was renamed the Montana Coal Endowment Program (MCEP) to better reflect the importance of continued coal development and the impacts coal has across the State.

	\$ 30,959,713.00

Teton County Greenfields Irrigation District applied and was not recommended for funding.

During session, a Town of Drummond Bridge project was added by committee - no
application, PER, or ranking process. There were later additional questions regarding ownership of
the bridge. In staff coordinating with Town over several months, with calls and emails (that included
Commerce legal) the offer of award was eventually declined. Also very unique for a Town to be on a bridge list.

52 was the total with applications received including Teton Co. Greenfields, and it remained 52 with the addition of Town of Drummond bridge. \$30,209,713 was appropriated from the MT Coal Endowment Special Revenue for the 2025 Bi projects.

The group contain several Resident Owned Communities (ROC)s projects such as City of Kalispell Morning Star, with assistance from NeighborWorks Montana, that formed as cooperatives and collectively purchased the property (trailer courts).

These were unique applicants/situations that although proved to be eligible projects, don't fit the program model as closely as other local gov't projects. CDBG ended up funding several ROCs and they have proved to be challenging to administer due to lack of capacity between project representatives

Commerce received 44 grant applications for 2027 Biennium MCEP infrastructure construction grants, requesting a total \$26,707,141 in funds.

Applications included 38 W/WW infrastructure construction requests (13 wastewater projects,

24 water projects, 1 water & wastewater project) and 6 bridge projects.

The Governor recommends a total of 39 projects to be funded in HB 11 (33 water or wastewater and 6 bridges)

The 5 projects that applied, and were not recommended: Manhattan, Cooke City WD, Plentywood, Sheridan, Bearcreek.

Petroleum County declined offer of award via written testimony as session began.

Subtotal

Arlee/Lake County W&S (WW) for \$327,500 was struck from the bill due to lack of appearing to testify for their project at initial hearings

During Senate Claims and Finance hearings, Arlee WSD was added back in to funding list after appearing to testify.

HB 579 proposed -- discussion of an amendment to HB 11 or independent 579 bill that would require applicants to have a local capital reserve account, with at least 10% of the est. project cost in order to be eligible. Some potential consequences would be: a lower number in the applicant pool, by eliminating the smaller communities that are typically applying for the program. HB579 was tabled by committed and died.

During session, the Missoula County, Styler Creek West Bridge over Styler Creek, project was added to HB11 without an application, PER, or ranking process, similar to the Town of Drummond Bridge in 2025 Bi.

Arlee-Lake Co was included in HB 11, as was Missoula County. Petroleum Co bridge was removed/withdrawn.
