# Our Mission

The Montana Heritage Commission preserves and promotes Montana's Territorial Capital history and resources through quality visitor experiences and preservation of state-owned buildings and artifacts.

## MONTANA HERITAGE *Commission*

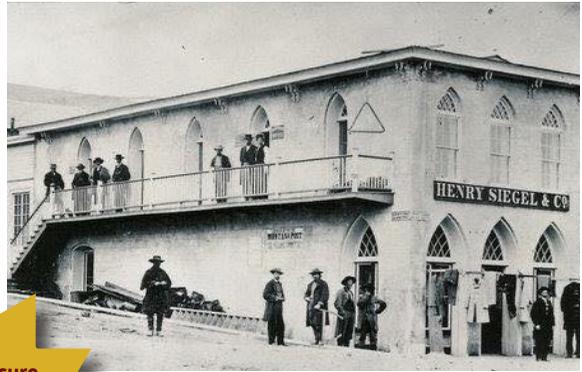

# Background and History

In 1997, the **Montana Legislature** purchased **Virginia City** and **Nevada City** from the Senator Charles Bovey family for \$6.5 million.

In 2000, **Reeder's Alley** was gifted to the state by Darrell and Kathy Guston.

Today, we insure our properties and artifacts for \$47.98 million.

The Montana Heritage Commission takes pride in managing some of the most valuable and fascinating historic sites in Montana – **Virginia City** and **Nevada City**, plus **Reeder's Alley** and the **Pioneer Cabin** in Helena. Our goal is to preserve and promote these sites while encouraging Montanans to become excited about the rich history of this great state. Virginia City was the site of our territorial capital from 1864 – 1875.

MHC offices now occupy Montana's Territorial Capitol Building in Virginia City.

# Strategic Priorities

The Montana Heritage Commission has the following four strategic priorities:

- (1) **PRESERVE:** Establish a more effective system to ensure proper allocation of resources, preservation and maintenance prioritization, and cataloging of historic buildings and artifacts.
- (2) **PROMOTE:** Expand marketing and promotional efforts to strengthen image and identity of the historic resources managed by The Montana Heritage Commission.
- (3) **PARTNER:** Broaden local, state, and federal support and understanding of the important contribution heritage makes to Montana's economy, cultural identity and sense of historic community.
- (4) **PROTECT:** Implement programs to enhance inventory to be compliant with insurance guidelines, fire suppression services and safe practices for our tourists to avoid injury and exposure to litigation.

# Goals and Objectives

➤ Continue being Montana's number one state-owned tourist destination by increasing lodging facilities and marketing to weddings, socials gatherings, family reunion, school tours and music festivals.

➤ Implement approved preservation and maintenance projects based on available funding from revenue generated from tourism, earned revenue from concessionaires and funding from the Montana Legislature and Governor's Office.

➤ Promote at key locations that have demonstrated higher traffic referrals, such as National Parks and visitor centers; expand our collection of tourism data through e-commerce, Google Analytics and results-oriented marketing venues.

➤ Engage and educate state, local and non-profit partners to increase a sustainable funding resource for the long-term stabilization of state-owned resources and continue to enhance the visitor experience under our stewardship.

➤ Improve and increase educational outreach programs, internships and interpretation programs to enhance the visitor experience and understanding of our history.

➤ Seek all available funding support through grants, donations and legislative appropriations to further our preservation of state-owned buildings and resources; and increase our economic footprint, job creation, and business development.

➤ Recruit and utilize volunteers/interns to give educational opportunities and to increase efficiency of operations with limited state funding.

➤ Improve ways in PastPerfect software to streamline inventory artifacts that can be more visible and transparent to the public.

➤ Continue to educate and implement best practices from other historic and tourism sites on financials, marketing and enhancement of visitor experiences.

➤ Protect tourists and state-owned assets and by partnering with town fire departments, first responders and local county sherriff's departments.

Visit [savemontanahistory.com](http://savemontanahistory.com) to see top preservation projects and donate.

In May of 2022, the State acquired Montana's oldest standing territorial building, known as Stonewall Hall. We had an honorary ribbon cutting ceremony to celebrate raising over one million dollars through private donations to help stabilize and preserve this important piece of history.

This donation came from the Lefever family.
